

Greetings ICSD Community! That's you! And you are us!

We need your thinking, voice, and creativity to help shape the culture of Ithaca City Schools as we #ReopenICSD!

We care, we're committed, we're a community because we engage in conversations and we listen to one another. This is your school district.

This is your community. How do you want it to look? What do you want to see? We are committed to taking care of each other in a more inclusive way. We will physically distance, but we will not be socially distant!

The ICSD is looking for creative expression around the hashtags **#WhyIWearAMask**, **#WhatSchoolMeansToMe**, and **#ItsUp2UsIthaca**.

From Monday, August 3 through Friday, November 20, we will be accepting submissions of many types of creative works - whether they be pen and paper, paint, sculpture, audio/video, etc. - related to taking care of ourselves and others and how we will be together as a community.

Content submitted from the campaign will be housed and displayed on the district website in the #ReopenICSD gallery and available for postings, morning meeting discussions and core subject investigations ranging from science to social studies.

We hope to use some of this work on our website and/or in our buildings to encourage our community to #ReopenICSD in ways that are safe, inclusive, and anti-racist.
