

How to Utilize Instructional Support Services Through **CiTi BOCES**

The ICSD utilizes CiTi BOCES for all requests pertaining to Arts-in-Education and Exploratory Enrichment.

ARTS-IN-EDUCATION

CiTi BOCES connects the ICSD to a wide variety of artists, performers, venues, and authors that will introduce your students to new aspects of learning that will broaden their perspective on the world. All artists support interdisciplinary learning to enhance and complement all areas of the curriculum. [Click here](#) to submit to the Arts-In-Education Request Form.

EXPLORATORY ENRICHMENT

CiTi BOCES connects the ICSD to science and environmental lectures, site visits or trips, history and civics events, physical education events, character education programming, STE(A)M workshops, and more. Several agencies such as The Youth Farm Project, Kids Discover the Trail, Ithaca Murals, Hugo Medina, Daisy Hollow Farm, and Cayuga Nature Center can be organized alongside CiTi BOCES under Exploratory Enrichment programming.
